## History

Webster opened its doors in 1981 on Vienna's Schuberttring with just 70 students. After being awarded accreditation as a private university in 2001, Webster subsequently employed faculty with research agendas and continues to work toward increasingly rigorous degree programs.

In 2014, Webster moved to the historic, beautiful, fully renovated Palais Wenkheim. The university grew its permanent faculty attracting top-notch scholars, reformed its teaching and research program, and expanded its student services.

## Today

The university places students at the center of education, instilling a respect for diversity and an understanding of their own and others' values to create global citizens.
